Subject: RE: OEMS Weekly Report and RAMS Update

Working with NPDES and NEPA to categorize and respond to the comments on the draft Kampachi Farms aquaculture permit.

Working with the NEPA program on their contractors early draft outline for a programmatic EIS for Gulf of Mexico net-pen aquaculture.

Provided input to Jenny Molloy, HQ Water Permits Division, on the efficacy of a NOAA/NMFS effort to identify/develop offshore aquaculture management areas in the GOM.
